Excellent waffle

Good quality waffle from the waffle specialists. We tried blueberry cream cheese and the one with Nutella and Vanilla ice cream. All were very good, crunchy and melting inside mouth. Best is to consume sitting there immediately after they prepare to enjoy the proper taste.

Heavenly waffles

I have always loved waffles. Heavenly waffles at Belgian waffles. The best part is they are purely vegetarian. Tried the strawberry and cheese waffle, nutella, chocolate overload, black and white chocolate waffles. Very tasty, fresh and reasonably priced.
